THE SOUTHERN'S NEW RATES

Schedule Gotten Out in Re-
markably Short Time—Dr.
Rudy Elected.

RALEIGH, N. C., August 7.—Governor Glenn has found it necessary to decline the invitation of the Brooklyn Democratic Club to deliver an address at Brighton Beach Hotel August 26th on "States Rights" and the conflict between the State and the Federal courts in the famous North Carolina struggle by which the railroads were compelled to put on the 2 1/4-cent passenger rate in spite of restraining orders against the State officials by the Federal court through Judge Pritchard. The Governor issues this statement in regard to the matter:

"Some time ago the Brooklyn Democratic Club, through its president, invited the Governor to make a speech at a banquet to be given by that club August 26th. The Governor then wrote them that, if possible, he would accept the invitation. On August 2d Mr. Eastmond, president of the club, again wrote to the Governor, urging that he would accept, stating in the letter that 100 letters from parties all over the country had been received asking for seats, as they desired to be present when he discussed the North Carolina rate difficulty. In his reply the Governor stated that he was unable to accept the invitation; that the dinner is especially given to you, and you are the only one we have asked to speak. You are the guest of honor, and we would not place any limit on the time your speech should occupy."

"The Governor appreciated very much the honor conferred upon him by this club, and has tried in every way to make it convenient to attend the banquet, but owing to the fact that next week he has to be away from the State during North Carolina week at the Jamestown Exposition, and the further fact that there are very important matters connected with the adjustment of the freight discriminations now pending between the State and the railroads, he finds it utterly impossible to prepare a speech suitable for such an occasion, and therefore he has telegraphed the Brooklyn club that he regretted very much to do so, but was compelled on account of important State matters, to decline the invitation."

"The Governor regrets this, as the invitation was given in a most warm-hearted manner, and showed so much interest in the State's side of the railroad difficulty that he was particularly anxious at this banquet to fully set forth to the nation at large the State contention in order that the public might see that there was no intention on his part or the part of the State to in any way controvert or thwart the action of the Federal court, but simply to maintain the dignity of the State as exercised through its court having jurisdiction."

Schedule of Fare.
The Southern Railway Company has filed with the Corporation Commission the complete schedule of passenger fares between all stations in North Carolina based on the 2 1/4-cent rate, which goes into effect August 8th.

There was surprised comment on the remarkably prompt work of the Southern in getting out this schedule so soon after the agreement to put the new rates on, but it develops that the Southern really had this schedule ready at the same time that it prepared the rebate coupons that were issued beginning July 1st to be used under the Federal court restraining order. The Southern was ready for either alternative at that time either to maintain the old rate with the coupon, if Judge Pritchard continued the injunction to the hearing or to put on the 2 1/4-cent rate if he should dismiss the injunction.

Conference With General
Freight Agent Drake.

(Special to The Times-Dispatch.)
WINSTON-SALEM, N. C., August 7.—Mr. J. H. Drake, general freight agent for the Southern Railway, with headquarters at Richmond, Va., spent the day here conferring with the freight committee from the Winston-Salem Board of Trade in regard to alleged freight discriminations. Mr. Drake came here upon the invitation of the committee, extended several months ago. His visit therefore has no connection whatever with the hearing called by Governor Glenn to consider the "Southern" for action. He stated that by this conference he had obtained considerable information relating to freight matters at this point. The committee proposes to continue the efforts in behalf of reducing present rates.

ASHLEYVILLE, N. C., August 7.—Mrs. Laura Ray, who kept a boarding house at 53 College Street, known as "The Success Inn," was shot and killed this morning at 10 o'clock at her home by Robert Murdock, a keeper of a stall in the city market, who immediately afterward turned the pistol on himself and ended his own life. Murdock went to the boarding house, where he had been in the habit of taking occasional meals, this morning and accompanied Mrs. Ray to her room, telling her he wished to see her privately. Almost immediately afterward shots were heard, and a panic ensued among the occupants of the house. When the door of the room was opened, Murdock and Mrs. Ray were lying on the floor, Murdock dead, with his clothing on fire, and Mrs. Ray dying. She expired three minutes afterward. Eight bullets in all had been fired, five of which struck Mrs. Ray, three entering the heart, one the right breast, and one penetrating the arm. Murdock, after emptying his pistol, had deliberately reloaded and fired three shots into his own heart. Murdock had been infatuated with Mrs. Ray up to a short time ago, when, it is said, they had some difficulty on account of financial matters. Mrs. Laura C. Ray was about forty years of age, the divorced wife of H. B. Ray, a small carrier, and daughter of Colonel Creasman, of the Confederate service. She was the mother of two children. Murdock was a married man, forty-five years old. A wife and six children survive him.

IF YOU READ THIS

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic or acute, and all other ailments of the digestive system, and their results, as bronchitis, throat and lung diseases, except consumption, accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing permanent cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned ailments by such of the eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Chicago; Prof. King, of Chicago; Prof. John King, of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, and all other eminent medical writers and teachers in their several schools of practice.

"The Golden Medical Discovery" is the only medicine put up for sale in this country for the cure of all the ailments mentioned above, and is a most valuable remedy for all such ailments. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used. It is a most useful agent in the cure of all stomach as well as bronchial, throat and lung ailments. There is no other medicinal authority for its use in all such cases. The "Discovery" is a concentrated glycerine extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities endorsing its ingredients is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

ROANOKE ASSOCIATION.

Body in Session at Ringgold Church.
Ball Game; New School.
(Special to The Times-Dispatch.)

CHATHAM, VA., August 7.—The Roanoke Baptist Association, composed of the churches in Pittsylvania county and a few in the counties of Henry and Halifax, met with Ringgold Baptist Church Tuesday morning, to continue through Thursday. The first day's session will be consumed in hearing church letters, reports, enrolling delegates and appointing committees. The Ringgold Church is located in one of the most thickly populated sections of this county, and large crowds will be in attendance each day.

The Primitive Baptist Association will meet on Friday with Strawberry Church, near Callands, to continue through Sunday. The crowd on Friday and Saturday will be very good, but on Sunday will number in the thousands.

The Elba nine crossed bats with the second Chatham nine Monday afternoon on the local diamond, resulting in a score of 6 to 15 in favor of the local team. The game was very close, and stood 6 to 6 at the close of the sixth inning. In the eighth the visitors went to pieces, and the Chatham team piled up nine runs more to their credit before the side was retired.

The next game on the local diamond will be on Saturday afternoon next between the Chestnut Level and Red-eye teams.

Work on the Chatham High School building is being rapidly pushed, and at the close of another week the brick work will be very near completed. With the brick work completed, some work will be required to do the wood work, and at present the indications are that the building will not be ready for occupancy before late in the fall, and probably not until after Christmas.

Work on the Chatham Episcopal Institute is being rushed, and a large number of people are now at work finishing the inside. The institute opens for the coming session about the middle of September, and President Pruden is giving the work his personal attention, in order to have the building ready by the time the session is to begin.

Because Mr. Barrett was nominated in a hotly-contested, three-cornered fight, and is strongly opposed by the liquor and "wide-open" element, the Republicans hope to make it warm for him in the general election.

BOTH OBLERVE THE FULL SENTENCE

Governor Glenn So Declares in
Refusing to Interfere in Cases
Banks and Rucker.

RALEIGH, N. C., August 7.—Governor Glenn declines to interfere with the death sentences against either Will Banks in Ashe county, or James Rucker in Buncombe, Banks's sentence being for murder in the first degree and Rucker's for criminal assault on his six-year-old stepdaughter. Concerning the case of Banks the Governor says he agrees with the Supreme Court that the murder was wilful, deliberate and premeditated, and declares that the prisoner richly deserved the death sentence.

Regarding Rucker's case the Governor says that evidence shows the guilty, and that he visited the prisoner in jail and found him with as much intelligence as the ordinary negro; that he can read and write and attended Sunday-school. Therefore he felt constrained to let the law take its course.
